Areas of Focus

RETIREMENT/ INVESTMENT PLANNING/LIQUIDITY/CASH FLOW

- Assist in developing an effective asset allocation and diversification strategy** that is tailored to your specific objectives and geared toward maximizing wealth accumulation; taking into consideration the effects of inflation and market volatility.
- Evaluate current investment strategy in relation to your objectives and personal risk tolerance** and recommend reallocations of monies as needed.
- Analyze your present retirement plans**, including company-sponsored profit sharing, 401(k) and pension plans or self-employed arrangements, and how they meet your projected retirement needs.
- Retirement projections**; feasibility studies; accumulation analysis
- Determine whether your projected resources will be sufficient** to fund the desired level of retirement (as provided by your or consistent with your objective).
- Identify additional retirement planning opportunities** where appropriate.
- Analyze your current investment and savings plan as it relates to funding your children's education.**
- Identify and discuss alternatives to reduce income tax liabilities**, as they relate to your investments
- Analyze liquidity/cash flow needs**; to anticipate future cash flow & liquidity needs within the context of planning for future wealth accumulation.
- Ensure coordination of your investment plan** with the remainder of your financial planning

ASSET PROTECTION

- Analyze your current asset protection strategy; ownership and entity structuring
- Determine your plan's effectiveness in protecting your assets from potential creditors
- Determine which protection techniques are suitable given your goals and objectives

CORPORATE BENEFIT PLANNING

- Analyze Present Planning (excluding retirement).
- Determine how to get Maximum Effectiveness.
- Coordinate plan with other benefits.
- Check assignments and beneficiaries.
- Discuss ways to maximize cost effectiveness.
- Discuss ways to minimize taxes (both state and federal)
- Refer to deferred compensation agreement and maximum utilization

BUSINESS SUCCESSION PLANNING

- Determine the effectiveness of your present plan and recommend changes; Review any partnership agreements, buy/sell agreements
- Discuss a variety of succession planning tools you can use to transfer your business.
- Include ways not only to ensure the continuity of your business, but also to do so with the smallest possible tax consequences.

ESTATE PLANNING (CONVERSATION AND DISTRIBUTION)

- Analyze present estate distribution plan.** Determine the effectiveness of your present plan and recommend changes.
- Illustrate alternatives** that would help reduce or eliminate estate taxes.
- Discuss asset management assistance needs for your family** and illustrate how management flexibility can be made available to your family.
- Discuss methods to minimize estate taxes** in the future through use of estate reduction techniques.
- Illustrate the economics of the several options** available to pay estate taxes.
- Establish procedures to help reduce administration costs** of estate settlement.
- Explore planned charitable and non-charitable giving techniques** as methods of estate conservation and distribution, if appropriate.
- Discuss coordination of annual exclusion and unified gifting programs.**

RISK MANAGEMENT/INSURANCE ANALYSIS

- Provide a comprehensive risk management and gap analysis **to determine if you and/or your family will be sufficiently protected in the event of a long-term disability or premature death of you or your spouse. Review Long Term Care Policy options.**
- Review existing life insurance contracts. **Focus on ownership and beneficiary designation of contracts. Evaluate the costs/benefit relationship of your existing contracts. Determine whether contracts will avoid estate taxation.**
- Determine which protection techniques are suitable given your goals and objectives

INCOME ANALYSIS

- Determine basic and discretionary expenses
- Inventory of qualified and non-qualified income sources
- Inventory of guaranteed income
- Determine which expenses you deem are important enough to cover with guaranteed income
- If necessary, determine repositioning assets to maximize both guarantee and non-guaranteed income
